Plaridel, Bulacan

I am a fresh graduate of Bachelor of Science in Computer Engineering with a strong passion for technology and innovation. I enjoy building and resolving computer-related issues, applying hands-on technical skills to real-world challenges. With experience in managing my own computer shop—selling, assembling, and troubleshooting computer systems—as well as taking on leadership roles, I bring a well-rounded skill set that includes technical expertise, entrepreneurship, problem-solving, and communication. As a fresh graduate, I am eager to apply my skills in a professional setting, contribute meaningfully to any team or organization, and continue growing both personally and professionally.

Technical Skills

LANGUAGES

- PYTHON
- JAVA
- HTML/CSS
- JavaScript

VERSION CONTROLS & TOOL

- Git
- Github
- Visual Studio

Relevant Experience

QUALITY ASSURANCE JUNIOR

Rt Lawrence Philippine branch.
June 2025 – August 2025

- Handled quality assurance tasks during my OJT at RT Lawrence PH Branch by testing and maintaining multiple websites. Checked for bugs, errors, and potential issues to ensure proper functionality. Updated each website whenever changes or new features were required, helping keep the systems efficient and up to date.

Projects

CURRENCY CONVERTER

- A web app that detects the user's location and displays local currency values and their equivalents in other currencies.

GYMMO

- A mobile application designed to help gym owners monitor and track the daily activities and attendance of their gym members.

5.5 kWh Solar Power System

- A self-built solar energy system installed at home capable of providing 5.5 kWh of free, renewable electricity. Involved hands-on planning, component selection, and full installation of solar panels and supporting hardware.

RH Poultry

- A price management system for a poultry store that allows owner to add, edit and delete product listings and monitor updated prices in real time.

Education

College (2021–2026)

Bulacan State University (Bachelor of Science in Computer Engineering)

Senior High School (2019–2021)

St Clement Academy (Science, Technology, Engineering, and Mathematics)

Junior High School (2015–2019)

Malolos City High School Santisima Trinidad

Certificates

- Ethical Hacker Certificate in Cisco Networking Academy
- AI Basics: Overview of AI Certificate in Huawei Talent
- HCIA – AI V3.5 Course Certificate in Huawei Talent
- Information Representation and Data Organization Certificate in Huawei Talent
